REAR ECHELON "LEADERS"

As I dictate this, I have just returned from Jacksonville and Talahassee, where I went to oppose the nigger revolution. (Bob Sharp, who is doing a magnificent job organizing in Jax managed to raise the money to get me down there, and I raised the rest to get back.)

I learned again something I know very well, but tend to forget; there's nothing wrong with our PEOPLE, -it's the "leadership" which has failed and which is responsible for the nigger and Jew horrors going on all over America.

In the Jacksonville area ALONE, there are more than 10,000 damned good White Christians who will FIGHT.

I spoke night before last in a Jacksonville field at the invitation of the owner, and the crowd was largely made up of Klansmen. Most of them are very properly disgusted with the petty bickering of the "leaders", -but most of all with their lack of leadership!

General Patton used to insist on staying up at the very front of his columns of tanks. When aides would beg him to seek safety in the rear, he would say, "Trying to lead men from the rear is like trying to get a piece of string to move forward by getting behind and PUSHING it."

Some of the Klan leaders who profess to believe in violence, bombing, etc., have been ordering OTHER men to go out and do these foolish acts of suicidal and useless violence. But they don't go do it THEMSELVES.

That's the whole trouble with the "right-wing".

I don't believe in "bombing," etc. All it does is give the Jew papers a Godsend in pictures of little niggers crying and other heart-breaking publicity to win all the rest of the country over to be nigger-lovers.

But if I DID believe in bombing, I would be the FIRST one to carry the bomb and place it. One of MY rules of leadership is NEVER to ask a man to do what YOU YOURSELF would not do.

If the so-called "leaders" in Jax WERE leaders, they could have had TEN THOUSAND White Men out in the streets to oppose those niggers last week, and the nigger revolution would be OVER.

Instead, these bad-talking gentlemen hold PRIVATE meetings in SECRET and try to get OTHER men who trust them to do illegal and foolish things. The result is the kind of frustration and loss for the White Man we saw in Jax last week.

Bob Sharp, my NAZI leader, will be out there HIMSELF, next time, risking his OWN neck as we all do, opposing these creeps LEGALLY.

Sooner or later the whole right-wing, the good PEOPLE of America will get wise to these "leaders" who are eternally publishing papers and making the speeches about what "we ought to do", but who never get out there and DO anything.

That day is getting closer, and that day is what we NAZIS are waiting for.

EASY WAY TO CAN CASTRO

Our hypocritical administration never tires of wringing its hands over Cuba and Castro, and loves to pretend it would get him out of there, if it were not for the danger of all-out, world-wide, nuclear war.

To see just how rotten and empty this pose is, consider the following: As an officer in our Armed Forces for almost twenty years with special duties, I know that it would be lead-pipe cinch to snow Cuba under with paper.

I also know that our U. S. Bureau of Engraving, which prints our money, is the world's FINEST. It can match ANYTHING put out anywhere in the world.

As president, I would see to it that Mr. Castro woke up one fine morning to find every peasant in Cuba rushing around the island with fistfulls of money, GOOD money, trying to buy up everything in sight. Need I describe MORE? And by the time the bearded skid could get NEW money and calm his crew down, we would hit him again. And again, if necessary. But twice ought to do it.

And who starts a war over a PAPER bombbardment? It would be too FUNNY.

That's just ONE of the things our government could do if it wanted to. And when WE get there, it WILL want to.

KNIGHTHOOD AT LAST!

Last week, Harpers sent me a free copy of a new, $25.00 book, "CELEBRITY REGISTER". Apparently I get one free because, wonder of wonders, I am in it! The publishers will doubtless hear from the Hebes about THIS slip-up. Anyway, I thought readers might be interested in some statistics on the new book.

Only two right-wing "radicals" made it; Robert Welch and myself, unless one counts that sterling Jew, Goldwater, and his advance-man, Bill Buckley.

Apparently those who decide who'se a "celebrity" or not decided to include out Hargis, GLK Smith and quite a few others, including Ed Fields, since none of them are in. Wrong church, maybe.

Anyway, here's the page where they let me "have it", including a charming picture they always use, although I supplied a much prettier one.

For fun reading what they have to say about Welch, Buckley, Malcolm X and others, take a look at the copy in your library.

Incidentally, after careful study of hundreds of the other people in the Celebrity Register, I am sure I am the POOREST, most BROKE guy who ever made it. Even the swarms of nigger heroes in there have it "made" with cash. Things will be different in the NEXT "Register"!

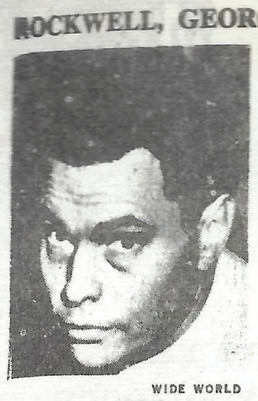
FUN FOR JEWS & NIGGERS

In most cities, CORE and NAACP give out special numbers for the coons to call when they are "victims" of "poe-lice brooo-tal-ity". Usually it is the number of a nice Jew lawyer.

We understand some dirty dogs in this area have discovered the number and the Jew lawyer keeps getting midnight calls from various of his nigger "friends" in distant and lonely parts of the city, and that, when this Jew has jumped out of his night-shirt, into his pants, and raced to the scene of the action, -there AIN'T no action. We understand that this aggravatesthe Jew no end.

We certainly hope nothing like this happens in OTHER cities. Would be a terrible blow to brotherhood!

ROCKWELL, GEORGE LINCOLN



WIDE WORLD

THE SO-you-want-to-lead-a-Bund man has had a Nazi good time of things of late and, apart from raising an occasional furor and praising the late German Fuehrer, would seem to be well über the damn. "Squeezed out of" four private business ventures, banned in Britain, on nonspeaking terms with his father, he nonetheless believes that he'll be President in '72: "Now Kennedy is in and he will let Jews and niggers and Commies in on everybody until they can't stand it any more—which will put us in power." He thinks the Right is wrong in falling for fools-Goldwater ("I think he is the Judas goat") after having undergone a Joe McCatharsis ("Joe McCarthy duly performed with all his Jewish entourage there and began dragging out Gentile Communists"), and he wants to strip the bark from the Birch ("I think the John Birch Society is exactly like the . . . kind of little boys that you see running after combat soldiers in a parade"). Born 9 March 1918, in Bloomington, Ill., the son of a vaudeville comedian, George Lincoln Rockwell attended many private schools around the country (his parents were separated and "on the road") before going on to Brown University. Divorced twice, he has seven children. "I'm prepared to go down to the bottom, to the gutter, by myself, lose all my troopers and my money, and start again—but if I were reduced to the point where I could see obviously I never could succeed the rest of my life with being a Nazi, I would not want to live."

ROCKWELL, NORMAN

SCOVILL

"WHEN THE art critics call me 'cornball' and my work 'kitsch,' I begin to worry. But I always go back to work." The illustrious illustrator, *Saturday Evening Post*'s favorite cover-boy (whose first SEP front-decker appeared 20 May 1916), has been immortalized through painting the "commonplace, everyday situations, not the agonizing crises and tangles of life." One of his most famous depicts the pigtailed tomboy sitting outside the principal's office; clothes tattered, hair askew, black eye shining—and grinning proudly.

Born 3 February 1894, in New York City, Norman Percival Rockwell spent summers in the country and there acquired his "idealized" view of life, which, he says, "excludes the sordid and ugly." As a homely, unathletic child, calls, "I drew every day, gradually forgetting about my shoulders, long neck and pigeon toes." In 1916, successful, he timidly approached the *Post* mbition")—and sold all five samples t accepted his "Four Freedoms" t had first rejected them, and almost religious about the

SHOCK-ANOTHER KIKE!

One of the traumas of growing up is discovering that so many movie heroes and heroines are Jews named Izzy Iskowitz, Joe Yule, Emanual Goldenberg (Eddie Cantor, Mickey Rooney and Edw. G. Robinson, respectively), among thousands of others. One by one, you learn that just about ALL of them are Jews. When I found out that Hedy Lamar was a Hebrew, it floored me. When Hollywood made the "Viking" and cast three JEWS as the "Vikings", it was hard to believe. Finally I thought I had gotten used to it.

Then I found, in the celebrity register, that Shari Lewis is ALSO a Hebe, (name of Horowitz!) Can't my people do ANYTHING? Must it be only Jews who lead both left and right politically, who own all the movies and TV, who do all the acting, play all the concerts, write all our books, etc? Sometimes even a nigger author or businessman is refreshing among all those JEWS.

"DIGNIFIED" NIGGERS

One of the few things that can get me riled up after so many years of professional experience with niggers and Jews is hearing Martin Luther Coon tell about his "hu--man dig -ni-ty", -and he speaks so slowly and deliberately that it is clear he is trying to pretend he is REAL people! -that he is trying to talk like a White Man.

Things have gone so far that nobody laughs.

But they SHOULD!

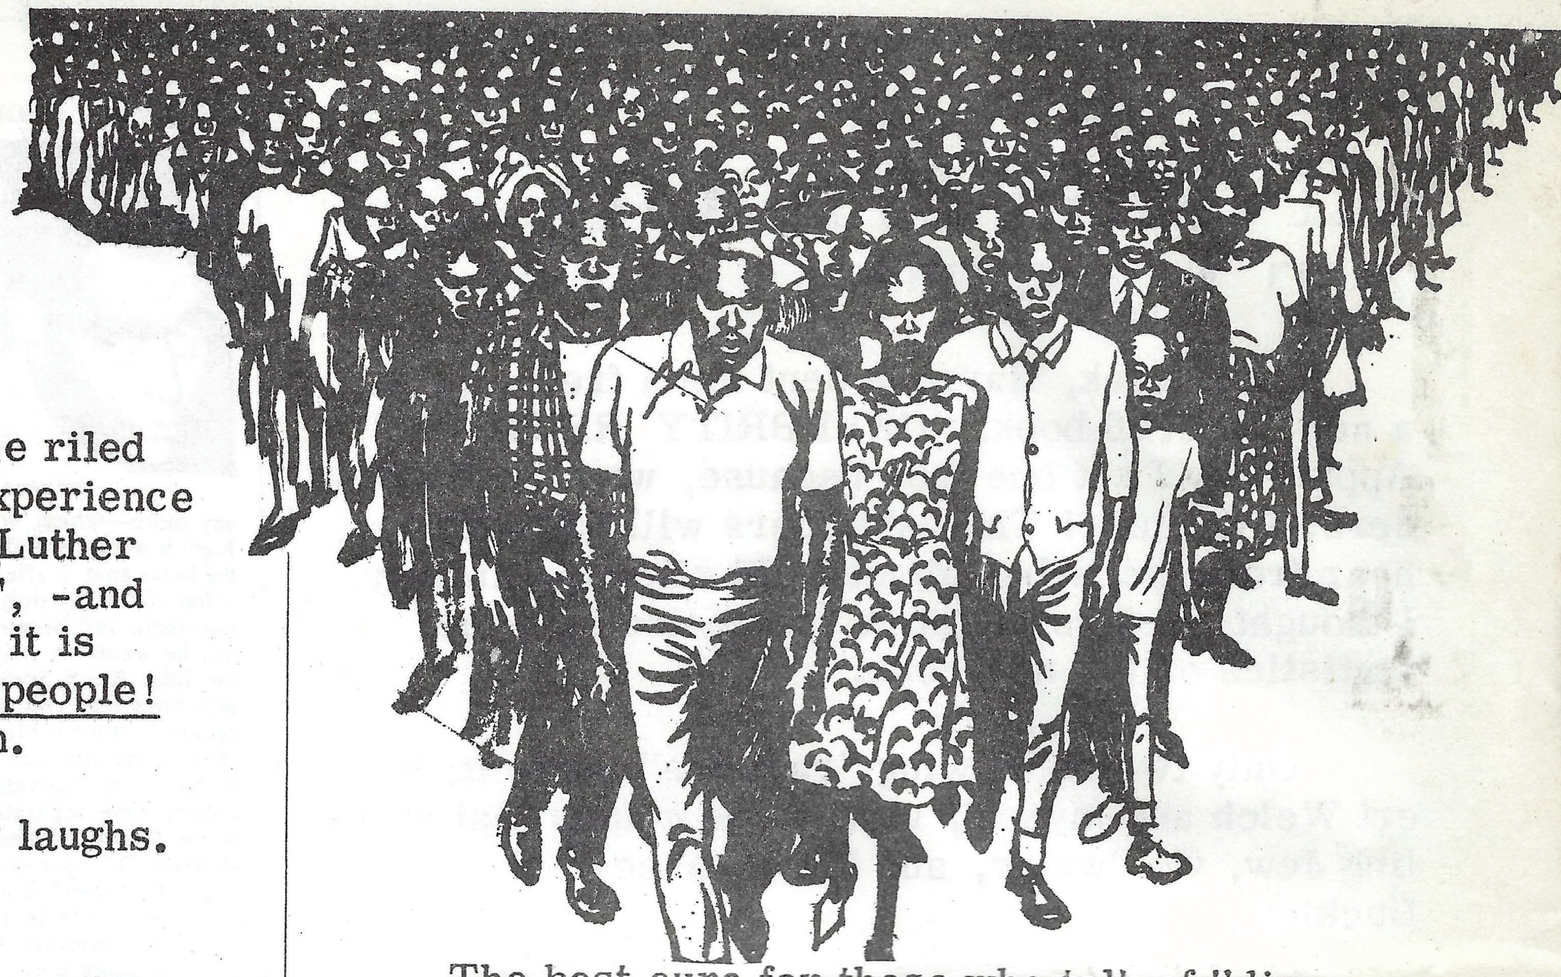
Just THINK about it!

Nigger "dignity"!

What dignity!

The "dignity", maybe, of a half-ape full of whiskey and lust, or a super-ugly black raper, a black killer, black mugger or even a black FAIREY, --the WORST sight I have EVER seen! Or perhaps the "dignity" of a nigger lady all decked out in her purple silk dress, her rubber bosom with the sharp points, her mangy fur piece of cat-fur, her yellow shoes and her tasteful bright green leather hat!

Even a nigger LAWYER ought to be downright FUNNY, if Americans hadn't been scared out of their sense of humor by such humorless and grim organizations as the Anti-Defamation League.



The best cure for those who talk of "dignity" for a nigger, nigger dignity, is the population expolision. Every year more millions of these "dignified and beautifuL" creatures are POURING into our society. When they become obvious as a PLAGUE, like roaches or grasshoppers or locusts or rats, that will be the END of the "nigger dignity" garbage. Who ever heard of "roaches' dignity" or dignity of rats?

Doll up ONE nigger and teach him to talk slowly so he can pretend he's a real PEOPLE, and you can produce a Martin Luther Coon who can actually fool some people into imagining he is a "dignified nigger".

But bring on twenty or thirty MILLION of these "dignified" niggers, and decent people will run for the roach poison, the rat poison, etc,.

And there ain't much dignity in a DEAD nigger either. The ONLY place where I think there is any "dignity" for a coon is in Africa. I will grant that some of the Watusi warriors are savagely "dignified" as creatures of Nature, the same "dignity" a lion or a gorilla has. But you put a gorrilla in a tuxedo and a top-hat, and if people don't laugh, it's because the ADL and the NACCP have beaten all the fun out of them. We'll fix that!

JEWS RUN GAS CHAMBER FOR $$

A Jew woman has written a book blasting the big Jews for HELPING the Germans gas the little Jews! The Jews are in an uproar over this!

It all bears out what we have long contended, -if there's money in it, you can find a Jew to do it, no matter what!

BLOODY JEW BROTHERHOOD

In every city I visit, the paper is full of small, often hard-to-find articles about local crime, often so common it is hardly mentioned.

These articles used to distress me, as I watched my Country and people increasingly taken over by Jews and nigger criminals.

Now I find more and more of them refreshing and even poetic.

The wild, black cannibals who have been bred and turned loose on society by liberal and Communist JEWS come out every night in every city with their pistols oiled up, their switch-blades sharpened and their clubs polished and the blood from last night all wiped off. They are looking for juicy new victims.

Meanwhile, the same Jews who launched these nigger killers, are also busily making a fortune selling the coons Zionist whiskey and booze, or cheap wine. Every nigger neighborhood has its Jew liquor store and sometimes several. The bloodshot eyes of the bloodthirsty blacks fastens on the big piles of green cash in the cash-registers of these Jew liquor stores. They see Izzy and Ike and Benny and Moses counting their huge piles of green cash every evening as they are locking up for the night. It is too much temptation; the black "frankenstiens" attack their Jew makers.

Sometimes there are pictures in the papers showing these hook-nosed nigger-loving Jew liquor-store operators holding their bloody heads after a visit by their nigger buddies.

I have heard Malcolm X preach to the coons about the true nature of these Jew landlords, liquor dealers, dope-peddlers, prostitution operators etc, --and couldn't do better myself.

Wait till these nigger-exploiting, nigger-loving Kikes get a good dose of the Muslims and Malcolms boys they have set in motion with their vile operations in every coon section in the Country!

I expect to see some of these Hebrews approaching Nazi HQ some day on the dead run with a pack of their nigger pals hot on their trail and the Jew merchants screaming for arm-bands and a membership blank.

We'll just hand the coons sharper razors as they go by. It's a pleasure to see the Jews themselves reaping some of the "rewards" of the damnable integration and "brotherhood" they have been pushing so hard.

POOR, DEPRIVED MISSISSIPPI

America's concert industry is almost 100% Yiddish. And readers of the report are well aware of the sentiment of these Yids on race-mixing.

Imagine, then, our "surprise" to learn that America's musical geniuses are refusing to perform in Mississippi! Yehudi, Issac Stern, --and about ten more hook-noses are "depriving" poor, benighted Mississippi of their Jewish talents.

Mr. Delay Beckwith, we understand, grows daily more depressed and unhappy deprived, as he is, of these Jewish performers and their nigger friends. But he'll just have to learn to get along on those crumby German composers like Bach, Brahms, Beethovan and Wagner for a while. If he wants Jews, we should shortly be in a position to ship him a batch from time to time. They can entertain him with moaning choruses of "Don't Fence Me In" or "Give Her the Gas, Gertie!".

JEW HYSTERIA

Last issue, I reported how the biggest Jew paper in America is resorting to printing our name,"American nazi Party" as a sign of their growing frustration and impotence as we survive the worst they've got and the gas gets closer.

This week I will remind readers of one other sign of Jewish terror and foolishness at the rise of the Nazism they themselves forced into existance.

For years, model airplane kits of German World War II planes came with swastika decals for the kids to put on in the proper place, just as the German Nazi planes had swastikas.

Go look at any kit in the stores today.

No more swastikas, even on MODELS!

I imagine the devil has no crosses around Hell, either.

RACE WAR CLOSER!

Gerald Smith and many other right-wingers are preaching that the Moscow-Peking split is a phony, -like the Tito musical comedy.

I strongly disagree. Communism, as I have predicted, is splitting into the WHITE, Russian variety, --and the COLORED, Trotskyite JEWISH variety. Unlike the situation with Tito, there are genuine issues between the Soviets and China, and they are the biggest, THE issues of our times, --the issues of RACE!

When the Russians blast "colonialism", they are referring to an economic idea.

But when an African nigger, a Castro Cuban or a Chinese Red say "Colonialist", they mean WHITE MAN, -and they HATE him. They are beginngin to transfer that hate to the Whites of ALL Nations, --INCLUDING RUSSIA. And the people of Russia, like Whites everywhere, don't like the ugly coons, either, as recent delightful events in Moscow showed.

Every day brings us closer to RACE WAR on a global scale, in which the one seventh of mankind which is White will face being overwhelmed by the six sevenths whichis black and dark. I do not think it is impossible that we will one day find the Russians hollering to be let into OUR side.

The issue of our times is RACE, not economics, as the Jews like to pretend. Communism and Capitalism are both economic ideas. Compared to the terrifying reality of millions of armed and inflamed NIGGERS and CHINAMEN, Communism will seem like a joke, and it will be forgotten.

Notice the way the Kosher Conservatives and Jew Goldwater keep forever harping on ECONOMIC issues and ducking the RACIAL issue. That's not just for political convenience, as might appear. It is to keep us disunited and quarreling over IDEAS when we are threatened by two RACES, JEWS and NIGGERS.

The final joke will be on the Jews, if they "win" in this insanity. The cannibals will throw THEM into the pot too, -as "White" men!

Imagine sharing a stew-pot and going to glory with HARRY GOLDEN! --while Martin Luther Coon dances around the fire with his spear and spoon for stirring!

THE KOSHER MUSLIMS

"Muhammad Speaks" the Black Muslim paper, used to have brilliant articles and cartoons blasting the Jews. They rivalled the gems in Julius Streicher's "Der Sturmer"!

Imagine my surprise and horror, therefore, to find THIS ad in the latest issue!

As I have been predicting, the Muslims have turned LEFT, RED, --and therefore KOSHER!

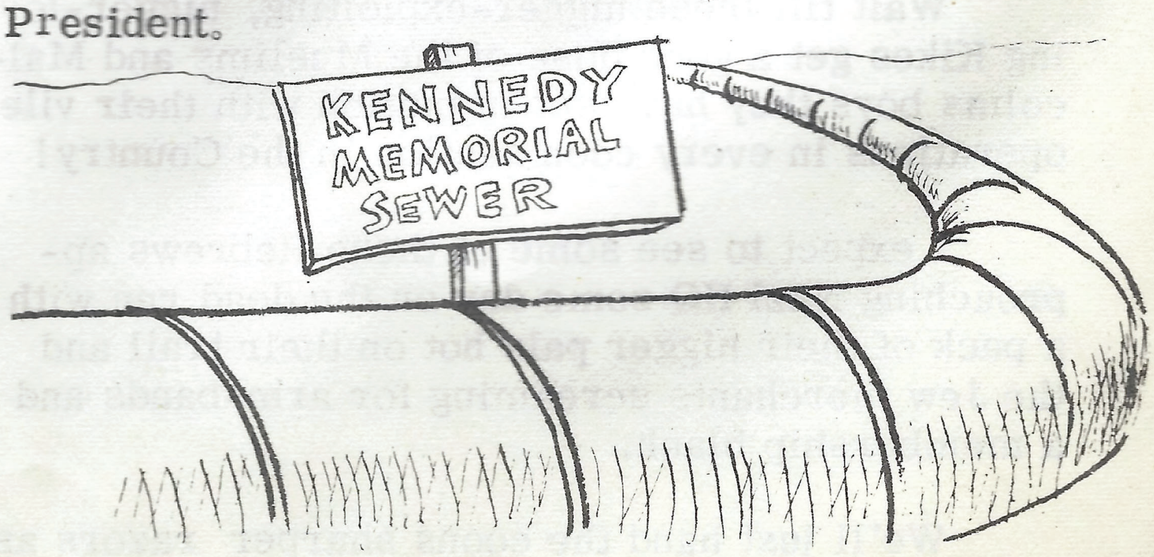
Malcolm probably just made it out in time, before a Mohel got him with the sizzors.

KENNEDY MEMORIAL SEWER

Seems theres a place in Colorado called "Nigger Hill" and another named "Nigger Gulch".

To correct this awful thing done by our bigot forefathers, the names are being changed to be called for famous niggers. "Martin Luther Coon Hill" and "emmit Till" Gulch, probably.

While we're at it, there's a huge and lovely new sewer project going up here in Virginia. We respectfully suggest that, in honor of our late President, it be named the"John F. Kennedy Memorial Sewer". . .Maybe with an eternal flame of sewer gas? I'll personally help dedicate this monument to Africa's greatest President.



CHILE RED IN SEPT?

Our Nazi Leader in Chile, Franz Pfeiffer, reports that Chile is very likely to go open Communist in the September elections.

He says Chile is a replica of Germany in the 20's, with wild inflation, Communist riots in the streets, and his own Nazis marching and fighting in the streets against them.

I used to think the first nation to go National Socialist would be America or England.

Now I am inclined to believe it will be a LATIN nation which will start the action, just as it was Latin Italy which broke the barrier of the reds first in Europe.

The Latin nations are going to go RED first, just as always happened before our side gets up a good "mad" and starts to unite and fight, -then "Nazi" or "fascist" Latins will rise up and smite down the red beast. It will take the reds longer to get UP high enough here to drive our people together and get them mad enough to stand and fight.

In short, the volatile Latins do things more quickly, and that goes for whipping the reds.

Proof: AMERICANS HATE MIXING!

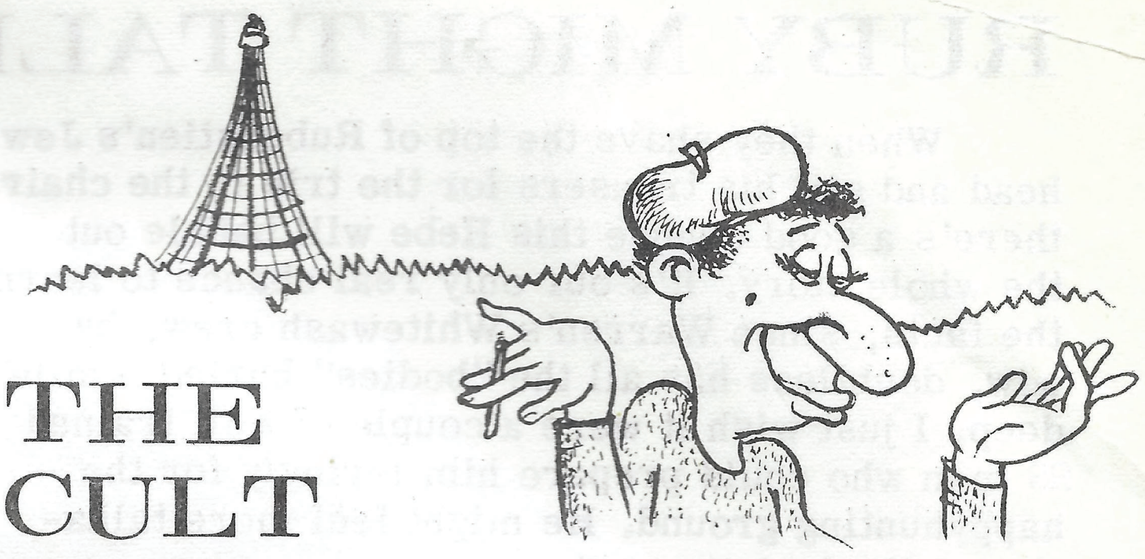
Recently the city of Seattle had a vote on one of those "open homes" sale clauses which forces Whites to live next to coons.

Even with the Jew and nigger bloc votes, the mixing law lost by more than TWO to ONE!

Those who doubt our eventual victory, might ponder that election story.

The White Race is practically LEADERLESS.

The people are desperate for TOUGH, bold and uncompromising leadership against race-mixing and communism. When they discover that conservatives and "moderates" keep LOSING, they will elect US because they KNOW we'll die before we'll allow any more filthy mixing.



THE CULT OF PARIS

There is nothing Paris has which other cities do not also have, except one thing: degeneracy.

The same moral depravity which brought down the French Army and Rome and many civilizations before it is the very ESSENCE of "Paris". There are queers and Jews and beats and creeps in every ciy in the world, of course. But only in Paris are these wretches really HONORED. France has had four Jew heads of state, including Mendes-France, Blum and two others whose names I have forgotten. A state willing to allow a Jew to head it will always be found worshipping the cult of "Paris" --and the depravity that goes with it.

A healthy America will want no part of the cult of "Paris". Its opposite, to me, is the cult of the American WEST. I do not think a modern, queer, jazzy, feeble "beat" would have lasted ten minutes in frontier America. Our ancestors might have been bank-robbers, horse-thieves, rustlers, -even bushwhackers. But I'll be damned if America would have even been here if "peace-creeps" and queers had been tolerated a hundred years ago.

A healthy society is MASCULINE. When it begins to degenerate, it becomes feminine. When it is just about GONE, -like Paris, -it becomes QUEER. In such times, Jews can be "heroes".

DEATH FOR JEW-HATING!

The activities of David Stanley and his Nazi literature in Canada have the Jews RAGING.

Now they have a bill before the legislature up there which actually demands the DEATH PENALTY for even AIDING anybody who spreads hate against nice Jews, etc!!!!

There's one Country where they already HAVE just such a law, although few people know it; --Russia. It's in their Constitution.

RUBY MIGHT TALK

When they shave the top of Rubenstien's Jew head and slit his trousers for the trip to the chair, there's a good chance this Hebe will babble out the whole story. It's our only real chance to learn the facts, since Warren's Whitewash crew, by now, doubtless has all the "bodies" buried a mile deep. I just wish it were a couple of well trained SS men who could prepare him lovingly for the happyhunting ground. He might feel more talkative at the last moment.

PAUL REVERE A BIRCHER!

It's fun, -and enlightening, -to imagine what the American Revolution would have been like had its leaders been men like Welch and Buckley, -to say nothing of Goldwater!

Can't you just hear old Patrick Henry shouting the immortal words, "Give me Liberty or give me that pen so I can write my congressman!"

..Or the Commander at Lexington defying the British with, "If they mean to have a war, let it begin with a prayer by the chaplain!"

..Or Paul Revere.. . He would obviously have been "clever", like Welch, and would NEVER name the ENEMY right out in words! Can't you hear his dramatic cry in the stillness of the New England night as his hoofbeats pounded thru Concord and Lexington, "To your pens, men! The "esquimauxs are coming! No taxation without Representation!"

..Or maybe Goldwater-type fighters in the American Revolution, "Oi! I never knew a British King who wasn't an American patriot!"

SHABEZ-GOY SCRANTON

Unless one reads the Jew press, one cannot really figure out what it's all about..

I have seen some of the Jewish publications out of Pennsylvania, and I can pass along SOLID information that Governor Scranton is the IDOL of God's Chosen SOB's.

It's too soon to make solid predictions, but the intensity of the worship bestowed on Scranton in these Hebrew rags convinces me that he is the "sleeper" in the Republican camp. They would probably prefer Gus Hall, but, since that cannot be, and since they can't have Ben Gurion either, Scranton seems to be the Jew favorite.
